

The Jerusalem Innovation Park

The Role of Science Education and Communication Hubs
in Promoting Resilience and Sustainable Development

Shirin Hussein

26 Oct 2018

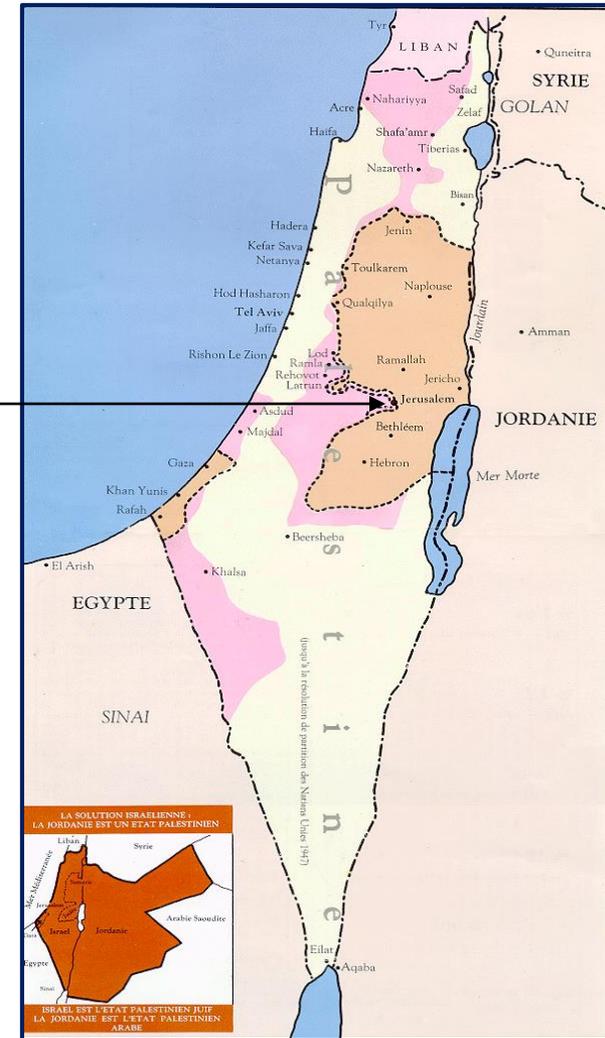

THE PALESTINIAN CONTEXT

East Jerusalem

NO WAR, NO PEACE SITUATION

Jerusalem

1- CULTURAL AND RELIGIOUS HUB

Between the Sacred and the Living!

2- POLITICS & ENVIRONMENT

3- SOCIO-ECONOMIC ASPECT

 **Benjamin Netanyahu** 
@netanyahu 

President Trump is right. I built a wall along Israel's southern border. It stopped all illegal immigration. Great success. Great idea  

This context requires creativity through the adoption of new models that promote our resilience as a society!

JIP - The First Innovation Park in Jerusalem

Shape generations of leaders that are committed to building their community and shaping a better future.

A Dream becoming reality...

**.... of a multi-dimension hub for innovative education and Science
Communication**

1 Playground

Organic
Restaurant

Promote scientific and technological curiosity

Strengthen the social and cultural capital of the Palestinian people as a tool for active cultural and educational resistance.

Promoting access to the world and to other cultures in a landlocked place where physical mobility and physical exchanges are more challenging.
